Note 1: Throughput limits apply to all user plans. The maximum throughput of each circuit is equal to the bandwidth subscribed for each circuit. Unless otherwise specified, International Internet access of each subscribed IP address is limited to 20Mbps maximum. The actual throughput for each subscribed circuit can be affected by usage levels, network configuration, coverage and extraneous uncontrollable factors. HKBN may take appropriate actions from time to time on customer subscribed circuits as it sees fit to ensure that the throughput does not exceed the aforementioned limits.

Note 2: The installation and relocation fee does not include one-time or recurrent additional charges, if any, payable to the Building Management Office (BMO) of Subscriber's premises for any extra installation works specifically required by the Building Management Office, and any related cost (included but not limited to Road Opening, Extra Equipment) incurred during installation and relocation.

All special terms and conditions for the above Services shall remain unchanged. All of the above services are subject to HKBN's General Terms and Conditions as published from time to time.
